

POLICY AND PROCEDURES

Policy #005 NON LINE OF DUTY DEATH POLICY

It will be the policy of the Minnesota EMS Honor Guard to attempt to send at least 1 representative to participate in a Non-Line Of Duty Death funeral. Once the Honor Guard has been notified of a request. Every attempt will be made to have a representative to attend. However, we may not be able to full fill every request. Since we are a volunteer organization, we will not be ask our members to be taking time off from their jobs for a Non-Line of duty death.

A Non-Line of Duty Death is any individual who has died while not on duty. This includes all manners of death including suicides. This policy shall apply to both active and retired members of the EMS community. It is important to note that if an Active Duty EMS individual dies of a heart attack or some other specific medical issue within 24 hours of his or her shift, they maybe entitled to a Line Of Duty Death Ceremony and possibly the family could be entitled to benefits. Please follow the Line of Duty Death Policy for these situations. A determination will be made by the Honor Guard after being contacted.

In the event of a Non-LODD, the EMS Manager should first contact the family and ask if they would appreciate a MN EMS Honor Guard performance. As much as you or your organization may want this, the Minnesota EMS Honor Guard will only perform at the families request. So if they do. Please contact one of the individuals below.

Commander: Craig Anderson: 612-387-0011.
Executive Officer: Brad Johnson: 612-751-8676

The Honor Guard will attempt to get someone to come and perform a limited performing ceremony. Limited Performing means that we will prior to the service beginning. Meet with the family or their representative, the minister and the funeral home representative. We will arrange to do a final bow and salute with the Director of the EMS Service and the Honor Guard Representative just prior to the service starting. We will at the end of the service arrange a corridor of Honor of ALL uniformed personnel attending. We will explain how this works with everyone on the day of the funeral.

We will not participate in any grave side service other than attending if possible to show our respect.

ALL Operation Managers/Directors must understand that a non line of duty death is not handled the same way as a Line of Duty Death. And there are many reasons for this. The Minnesota EMS Honor Guard follows the same guidelines as the Military does for these situations.

If travel is required. We would request that the EMS Service to whom the member is affiliated with provide a motel room if necessary. We also would ask for a donation to the MNEMSHONORGUARD.

This policy supercedes all previous policies and will take effect February 1, 2015.

Craig Anderson
Commander

Brad Johnson
Executive Officer
